

7/23/2013

Dear Victory Life Christian School,

Congratulations on your Awards Celebration and Graduation. This is a wonderful event that rejoices in the success and accomplishments of your school and its students! Mr. Olson and I so enjoyed being with you last year and wish we could join you again for this incredible event. With your thoughtful planning and oversight, this event has been a great success.

By providing a Biblically based, character-building education for the students in your school, you are not only offering an environment where students can achieve academic excellence but you are assisting parents in fulfilling God's command to train their children daily to know and love Him. Your hard work and achievement is providing life changing opportunities that will affect generations to come. Well done!

It is my prayer that together we will continue "Reaching the World for Christ...One Child at a Time." May the Lord continue to bless your steadfast dedication to spiritual and academic excellence in Christian education. Heartfelt congratulations and best wishes for your continued success.

In His Service, for the sake of children around the world,

Penny Straza Olson, Director
School of Tomorrow, Asia
